Divine force is the mainstay of the entire creation and efforts must be made for the manifestation of the same. It's a pleasure to hear that someone has taken lead to exhort society towards this kind of spiritual phenomenon. Universal Brotherhood (UB) will certainly help creating United Masters (UM) – A World Body of humanity. Universal Disarmament (UD) will be possible only through UB & UM. Undoubtedly, UB-UM-UD are 1-2-3 (3 stages) of harmonious world.
